

**CITY OF SAN CLEMENTE
MEMBER OF THE CITY COUNCIL**

STEPHANIE M. DOREY

OCCUPATION: Incumbent

The interesting challenge that lies ahead is in balancing growth and economic development with preservation of our small town village character. It will take a gentle sensitivity to the many related and surrounding issues, such as quality of life, the environment and historical preservation.

We are at an important crossroad that will impact the future of our community. Critical decisions must be made concerning the revitalization of the Downtown and North Beach areas, the building of sports and pool facilities, the development of Marblehead Coastal, and determining transportation solutions that are neither detrimental to our community or the environment.

As your City Councilwoman and former Mayor, I have:

- Pro-actively supported: coastal preservation and clean ocean water
- Successfully led community and legislative efforts to halt double tracking on our beach
- Championed public participation and an "open-door" policy in city government

My proven leadership abilities and accomplishments led to being named the Soroptimist 2004 Woman of Distinction.

The City's economic prosperity and environmental health rests in our hands. We have an obligation to future generations to leave a legacy that we can be proud of, and to make decisions now that will best carry San Clemente into the future.
